100 Pharma Companies That Hire Pharmacists Remote

And the exact kinds of jobs each one posted this year.

Hand-picked from 713 pharmacist job postings. Categorized, tagged, and linked.

HOW TO USE THIS LIST

1. Pick 2 or 3 **role tags** that fit you (see "Which door fits you" on page 11).
2. Find the companies with those tags.
3. Click the company name to open its careers page. Search the **tag name**, for example "Medical Information" or "Prior Authorization".

Role tags:

MSL: Medical Science Liaison, field medical, thought leader liaison

Medical Affairs: medical strategy, scientific director, medical education

Med Writing: medical writing, publications, scientific communications

Med Info: medical information, drug information

Regulatory: regulatory affairs, labeling, advertising and promotion review

Drug Safety: pharmacovigilance, safety scientist, risk management

Market Access/HEOR: payer accounts, outcomes research, value, trade, rebates

Clinical Research: clinical development, trials, clinical pharmacology

Managed Care/Clinical: prior auth, utilization management, formulary, remote clinical pharmacist

Informatics: data, analytics, digital, systems
